BOOKLET

WELCOME MESSAGE FROM THE CEO

Dr. Abdulaziz Al Ghamdi

CEO of Eastern Health Cluster

In the name of God, the Most Compassionate, the Most Merciful.

It is with great pride and sincere anticipation that I welcome you to our conference: "Innovative Advancements in Laboratory Medicine; Future of Laboratories."

We gather today at a remarkable crossroads. Advances in artificial intelligence, molecular diagnostics, automation, and data integration are transforming how laboratories function—improving outcomes while redefining our expectations of speed, precision, and personalization in medicine.

Healthcare itself is undergoing a profound shift, guided by data, technology, and deeper insight into human biology. This conference represents a strategic investment in that future. At its heart lies our belief that delivering world-class treatment begins with empowering our diagnosticians through knowledge, innovation, and the very best tools.

The sessions curated for this conference are not designed merely to inform, but to ignite. They will spark meaningful conversations, foster collaboration, and inspire ideas that will directly impact the lives of patients. Together, let us seize this opportunity to learn, to grow, and to shape the future of patient care.

This gathering is a testament to our shared commitment to remain at the forefront of progress. It is a forum for learning, inspiration, and collective advancement. I encourage each of you to engage openly, challenge assumptions, and explore the boundless possibilities that lie ahead.

Our hope is that this event energizes you, provides you with fresh insights, and reinforces the critical importance of your role in advancing excellence in laboratory medicine.

COO INTRODUCTION

Dr. Khalid Sabr

Chief Operation Officer
King Fahad Specialist Hospital Dammam

In the name of God, the most compassionate, the most merciful. Welcome to our Conference Innovative Advancement in Laboratory Medicine: Future of Laboratories conference. Which is the first laboratory medicine conference in the Eastern province addressing innovation and up to date ancillary techniques.

The 'future laboratory' we are discussing today is no longer just about processing samples with accuracy though that will always be our bedrock. It is about using the power of Artificial Intelligence to interpret complex data, about leveraging genomics and proteomics to understand the unique blueprint of a disease, and about integrating tele-pathology to bring diagnostic expertise to the patient's bedside, no matter where that may be.

This conference is a testament to our commitment to not just adapt to that future, but to lead it. Over the next three days, you will hear from brilliant minds who are pushing the boundaries of what is possible. I encourage you to engage deeply, to challenge assumptions, and to build the collaborations that will define the next chapter of laboratory medicine.

Our conference today will focus on health integration, innovation, automation and high technologies that are transforming laboratories and Patient Care. This gathering is about collaboration and practical solutions that will strengthen how we serve patients in the best way every day.

Thank you for being here and I am confident that the conference will be productive and shall enrich your knowledge

CHAIRMAN OF THE ORGANIZING COMMITTEE

Dr. Miral Mashhour

Consultant Anatomic pathologist
Laboratory Director KFSHD

Welcome to "Innovative Advances in Laboratory Medicine: The Future of Laboratories," conference dedicated to the transformative forces reshaping the Laboratory Medicine field. Over three days, we will delve into the critical developments propelling us forward.

This is more than a conference; it is a collaborative mission to shape what comes next. We have gathered the highly experienced pathologists, scientists, technologists, and industry pioneers to provide you with the knowledge, tools, and connections to lead the change. Let's come together to envision, discuss, and build the future of laboratories.

This conference is your gateway to this new era, prepare yourself to explore groundbreaking technologies and discover strategies to future-proof your practice. Join us as we map the exciting journey from the laboratory we know to the laboratory of tomorrow.

We have curated a program that doesn't just predict the future, it showcases it through cutting-edge presentations, and dynamic discussions, you will gain a clear vision of the upcoming technological shifts and their practical applications in improving patient outcomes. Get ready to be inspired and to turn possibility into reality.

GOALS AND OBJECTIVES

01

Determine how innovative laboratory practices contribute to the best patient's management

Demonstrate how up to date practices could promote innovation in the field of laboratory Medicine.

02

Identify skill enhancement and leadership strategies for laboratory professionals.

03

Discuss the latest approach for cancer diagnosis and treatment.

04

ORGANIZING COMMITTEE

ORGANIZING COMMITTEE

Dear Esteemed Attendees, Colleagues, and Guests,

On behalf of the organizing committee, it is our great pleasure to extend a warm welcome.

This conference is a premier platform for sharing groundbreaking research, fostering collaboration, and discussing the strategic direction of laboratory medicine. We are thrilled to have such a distinguished group of speakers and delegates gathered. We encourage engagement, networking, exchanging knowledge and experience to reshape the future of laboratories.

We wish you a productive and inspiring conference.

Sincerely,
The Organizing Committee

CHAIRPERSON

□ Dr. Miral Mashhour □

Consultant Anatomic pathologist,
Laboratory Director
King Fahad Specialist Hospital-Dammam

Co-CHAIRPERSON

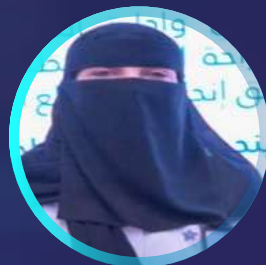

□ Dr. Manal Atta □

Consultant Microbiologist,
Section head Microbiology
King Fahad Specialist Hospital-Dammam

□ Dr. Ayedh Saad Alqarni □

Consultant clinical scientist
Clinical laboratory Manager
King Fahad Specialist Hospital-Dammam

□ Mrs. Najla Almahbashi □

Director, Allied Health
King Fahad Specialist Hospital-Dammam

Innovative Advancement
in Laboratory Medicine
Future of Laboratories

□ Mr. Hani Mohammed Alali □
Cytogenetics Lab Supervisor
King Fahad Specialist Hospital-Dammam

□ Mrs. Wafa Al-yousef □
Senior microbiology technologist
King Fahad Specialist Hospital-Dammam

□ Ms. Nowayer Alkhalidi, Msc □
Microbiology Lab Supervisor
King Fahad Specialist Hospital-Dammam

□ Ms. Alyah Fallatah □
Microbiology technologist
King Fahad Specialist Hospital-Dammam

Innovative Advancement
in Laboratory Medicine
Future of Laboratories

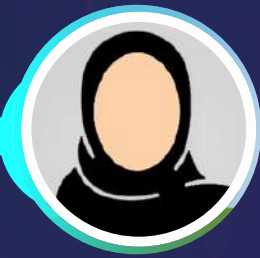

□ Mrs. Sultanah Al Obaid □

Histopathology Lab Supervisor
King Fahad Specialist Hospital-Dammam

□ Mr. Ali Saud Altwilae □

Head, Inventory Control Management
King Fahad Specialist Hospital-Dammam

□ Ms. Noufah Abdulaziz Al Fadhi □

Senior Administrative Specialist
King Fahad Specialist Hospital-Dammam

□ Mr. Mohammed Al Gahmdi □

Associate Executive supply Chain
Affairs Administration

Future of Laboratories

The background is a dark blue gradient. A test tube containing a light blue liquid is positioned vertically in the center. Behind the test tube is a large, cyan-colored shield shape. A white, rounded rectangular box with a thin cyan border is centered over the upper part of the shield. The text 'Scientific committee' is written in white inside this box. In the bottom right corner, there is a white, curled-up corner of a page.

Scientific committee

SCIENTIFIC COMMITTEE

Dear Delegates and Speakers,

On behalf of the Scientific Committee, it is our great pleasure to welcome you to this Conference. We stand at a remarkable inflection point in healthcare, laboratory medicine is no longer a silent partner in diagnosis but is rapidly becoming the dynamic, data-driven engine of personalized health, predictive analytics, and precision medicine.

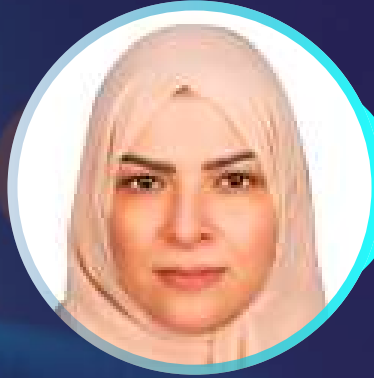

Our mission is to curate a program that not only showcases the cutting edge of these technologies but also critically address their practical implementation, ethical considerations, and their ultimate impact on patient care. Our program features 11 sessions over three days covering a wide range of topics presented by experienced top notch speakers, these sessions will provide valuable insights , fruitful discussions and networking are the main aim of each session .

Welcome, and let us shape the future together

Sincerely,
The Scientific Committee

AGENDA

Continuous Professional Development

DAY 1

Agenda

Activity Title

**Innovative Advancement in Laboratory
Medicine Future of Laboratories**

Activity Date

October 19 TO October 21, .2025

Institution

King Fahad Specialist Hospital -Dammam

Time

Title

Type

Speakers

Date:

OCTOBER 19, 2025

Session 1 Anatomic Pathology

Moderator : Dr Salwa Alshaik , JHAH

07:30-08:00

Registration

08:00-08:20

Opening

08:20-08:45

**College of American Pathology
(CAP) quality management system**

Lecture

**Dr. Fouad Aldayel
KFSHRC, KSA**

08:45-09:10

**Digitalization in Anatomic
Pathology challenges and advances**

Lecture

**Dr. Abdulaziz Ajlan
NGH, Riyadh KSA**

09:10-09:30

**Her-2 Reporting Updates and
Practical Tips**

Lecture

**Dr. Miral Mashhour
KFSH-D, KSA**

09:30-09:50

**Next Generation Sequencing Adjunctive
Testing in Kidney Allograft Biopsies**

Lecture

**Dr. Ziad Zaky
Assistant professor
Cleavland clinic**

09:50-10:05

Discussion

10:05- 10:20

Coffee break

Continuous Professional Development

DAY 1

Session 2 Anatomic Pathology

Moderator : Dr Miral Mashhour, KFSH-D

10:20-10:40	World Health Organization (WHO) Updates in Central Nervous System tumors	Lecture	Dr. Marwah Abdulkader KFSH-D, KSA
10:40-11:00	Recent World Health Organization (WHO) Classification of soft tissue tumors	Lecture	Dr. Alaa Salim KFSH-D, KSA
11:00-11:20	Genomics, from the laboratory to the clinic	Lecture	Dr. Manar Samman Ministry of Health
11:20 – 11:40	Molecular Testing in atypical Thyroid Nodules	Lecture	Dr. Hernan Gonzalez Head and neck oncologist Chile
11:40 – 12:00	Discussion		
12:00 – 13:00	Prayer time& Lunch Break		

Continuous Professional Development

DAY 1

Session 3 Anatomic Pathology

Moderator : Dr Abdulraheem Shangity ,KFSH-D

13:00 - 13:20	Claudin 18.2 for Gastric and Gastroesophageal Junction Adenocarcinoma	Lecture	Dr. Zainab Al Ruwaili, KFSH-D, KSA
13:20-13:45	Updates in Molecular Classification of Endometrial Cancer: Pathologist perspective	Lecture	Dr. Abdulmohsen Alkushi NGH, Riyadh KSA
13:45-14:05	Pathology of Renal tumors: up to date	Lecture	Dr. Amani Joudeh KFSH-D, KSA
14:05-14:30	Phase III DESTINY- BREAST 09 trial updated results	Lecture	Dr. Ahmed Alwbari Almoosa Specialist Hospital, KSA
14:30-14:45	Discussion		
14:45-15:00	Coffee break		
15:00 - 16:00	Demystifying the Complexity of Liver pathology	Case presentation	Dr. Miral Mashhour Dr. Mohammed Alsomali
16:00 -17:00	Renal pathology	Case presentation	Dr. Najla Aldaoud Dr. Deena Boqari Dr. Nisreen Hasan
17:00 -17:15	Concluding remarks of the First day		

Continuous Professional Development

DAY 2

Agenda

Activity Title	Innovative Advancement in Laboratory Medicine Future of Laboratories
Activity Date	October 19 TO October 21, .2025
Institution	King Fahad Specialist Hospital - Dammam

Time	Title	Type	Speakers
Date:	OCTOBER 20, 2025		

Session 1 Lab General

Moderator : Mrs Najla Almahbashi - Dr. Hamoud Al-Khallaf, KFSH-D

07:30-08:00	Registration		
8:00-08:20	Accreditation in Laboratory: Journey of Readiness	Lecture	Mrs. Mona El Najjar
08:20-08:45	Enhancing Laboratory Workflow through Automation and Data Integration	Lecture	Mrs Marwa Alhamil , KFSH-D, KSA
08:45-09:10	Quality Meets Innovation: Tools Transforming Today's Laboratories	Lecture	Mr. Abdulrahman Aboud Saud Abdulaziz Al-Shalan Company
09:10-09:30	Environmental Sustainability in the Laboratory	Lecture	Mr. Mueen Jumah KFSH-D, KSA
09:30-09:45	Discussion		
09:45-10:00	Coffee break		

Continuous Professional Development

DAY 2

Session 2 Blood Bank

Moderator : Dr Ahmed Al Bahrani,KFSH-D

10:00-10:25	Unmet Need For Plasma Protein	Lecture	Dr. Hind Ahumaidan, KFSHRC, Riyadh
10:25-10:50	Patient blood management	Lecture	Dr. Salwa Hindawi, Jeddah King Abdulaziz University
10:50-11:15	Transfusion support for Cart T cell Therapy	Lecture	Dr. Ammar Alsughayir KAMC, Riyadh
11:15-11:40	Innovation in Blood Bank	Lecture	Dr. Abdulmajeed Al Abdullateef Central Blood bank, Riyadh
11:40-11:50	Discussion		
11:50 – 12:30	Prayer Time& Lunch Break		

Continuous Professional Development

DAY 2

Session 3 Hematology, Flow cytometry

Moderator: Dr. Reem Alrabeh, KFSH-D

12:30 - 13:30	Thrombophilia testing: to do or not to do	Lecture	Prof. Tarek Owaidah KFSHRC- Riyadh
13:30 - 14:00	Updates in Von Willebrand disease diagnosis	Lecture	Dr. Rabab Al Dawood KFSH-Dammam
14:00 -14:30	Myeloid neoplasms associated with germline predisposition	Lecture	Dr. Reem Alrabeh KFSH-Dammam
14:30 -15:00	Flow cytometric evaluation of T cell neoplasms	Lecture	Dr. Heba Raslan KFSH-D, KSA
15:00 - 15:30	From diagnosis to action: Leveraging precision oncology in leukemia cases	Lecture	Dr.Abdullah AlSwaidan KFSHRC- Riyadh
15:30 -15:50	Discussion		
15:50– 16:00	Coffee break		
16:00-17:00	Challenging cases in hematology	Lecture	Dr. Reem Alrabeh Dr. Heba Raslan
17:00- 17:10	Concluding remarks of the second day		

Continuous Professional Development

DAY 3

Agenda

Agenda			
Activity Title	Innovative Advancement in Laboratory Medicine Future of Laboratories		
Activity Date	October 19 TO October 21, .2025		
Institution	King Fahad Specialist Hospital -Dammam		
Time	Title	Type	Speakers
Date:	OCTOBER 21, 2025		
Session 1 Histocompatibility and Immunology			
Moderators : Dr. Abdulnaser Alabadi , KFSH-D Dr. Eman Alfares, KFSH-D			
7:30- 08:00	Registration		
08:00-08:25	Nanopore Based Typing: The next big thing is Really Small!	Lecture	DR Moheeb Al-Awwami, KFSHRC, Riyadh KSA
08:25-08:50	Histocompatibility In Xenotransplantation: Is your Laboratory Ready?	Lecture	Dr. Mohammad Awaji KFSH-D, KSA
08:50-09:15	Smart Diagnostics: Novel Tools for Modern Histocompatibility Laboratories	Lecture	Prof. Ashraf Dada, KFSHRC, Jeddah, KSA
09:15-09:40	Advances in Autoimmunity &Autoantibodies	Lecture	Dr. Amani Mohammed , KFSH-D
09:40-10:05	Green Clinical Laboratories	Lecture	Dr. Khaled Omar King Fahd Military Medical Complex
10:05 -10:20	Discussion		
10:20-10:35	Coffee break		

Continuous Professional Development

DAY 3

Session 2 Cytogenetics

Moderator : Mr Hani Alali ,KFSH-D

10:35- 11:00	New Technologies, Old Mysteries: Cytogenetics in the Molecular Era	Lecture	Dr, Soha Tashkandi King Fahad Medical City
11:00-11:20	From Cytogenetics to Cytogenomics	Lecture	Dr Walid Dridi , KFSH-D
11:20-11:45	Cytogenomics, Contemporary Art	Lecture	Dr. Raouf Fetni, Quebec, Canada
11:45 – 12:00	Discussion		
12:00 -13:00	Prayer Time& Lunch Break		

Continuous Professional Development

DAY 3

Session 3 Microbiology

Moderators : Dr. Manal Atta ,KFSH-D
Dr. Afrah Sait, KFSH-D

13:00 - 13:20	Innovation of Microbiology Diagnostics	Lecture	Dr Sameera Aljohani, KAMC Riyadh KSA
13:20-13:40	The Future of Mycobacteriology Laboratories	Lecture	Dr. Amani Alnimr, KFUH, KSA
13:40-14:00	Advances in Antifungal Therapy: Current Trends, Emerging Treatment and Future Directions	Lecture	Dr. Bashayer Alshehail, KFUH, KSA
14:00-14:10	Discussion		

Continuous Professional Development

DAY 3

Session 4 Microbiology

Innovation in Antimicrobial Resistance

Moderators : Dr. Zainab AlMusa , KFSH-D
Dr Manal Chalak, KFSH-D

14:10-14:50	Revolutionizing Clinical Microbiology: The power of Next Generation Sequencing (NGS)	Lecture	Dr. Baha Abdalhamid,KFSH-D
14:50 -15:10	Antimicrobial Susceptibility Testing: What Clinicians need to know	Lecture	Dr. Fatimah Alturki KFUH, KSA
15:10 -15:30	Multidrug-Resistant Organisms(MRDO): Breaking Down the Laboratory Report	Lecture	Dr.Safiya Al-Musawi Salmania complex Kingdom of Bahrain
15:30-15:50	Superbugs on the Rise: Understanding and Treating Antimicrobial Resistance (AMR)	Lecture	Dr. Jumanah Algazaq,KFUH,KSA
15:50 -16:00	Discussion		
16:00 – 16:10	Coffee break		

Continuous Professional Development

DAY 3

Session 5 Microbiology Antibigram

Moderators : Dr Yamamah Aljeshi ,KFSH-D

Dr. Hadi AlQahtani, KFSH-D

16:10 -17:30

Antibiogram ;preparation and interpretation

Case presentation

- Dr. Manal Atta KFSH-D
- Dr. Sherine Almasry
AUH- Egypt
- Mr. Ahmad Itbaileh , KFSH-D

17:30-17:40

Concluding remarks of the conference

MODERATORS
